

THE END OF LIFE CARE ACADEMY

Partnership Brochure

Annual education partnerships built for lasting change — developing a compassionate, competent and confident end-of-life care workforce.

Why partner with us?

End-of-life care excellence is developed through ongoing learning, reflection and workforce support — not isolated training events. Our structured pathways combine evidence-based academic teaching with practical case discussion, tailored to your organisation's needs.

Each tier below delivers a defined number of academic training sessions per year, certified on completion. Choose the level of investment that matches your workforce goals.

Education Partnership Tiers

Bronze Partnership

4 Academic Training Sessions / Year

Building workforce competence and confidence through structured education.

- Foundation Programme
- 4 academic training sessions per year
- Evidence-based end-of-life care education
- Interactive learning and case discussion
- Certificate of Completion

Silver Partnership

8 Academic Training Sessions / Year

MOST POPULAR

Developing clinical competence, effectiveness and confidence through continued learning.

- Foundation + Practitioner Programmes
- 8 academic training sessions per year
- Advanced evidence-based end-of-life care education
- Interactive learning and case discussion
- Certificate of Completion

Gold Partnership

12 Academic Training Sessions / Year

Creating a compassionate, competent and confident workforce through year-round education.

- Complete Academy Pathway: Foundation + Practitioner + Leadership
- 12 academic training sessions per year
- Comprehensive evidence-based end-of-life care education
- Interactive learning and case discussion
- Certificate of Completion

Ad Hoc Academic Training

Flexible, high-quality education for organisations that are not yet ready to commit to an annual partnership.

Single Session

- One academic training session
- Choice of end-of-life care topic
- Interactive learning and case discussion
- Certificate of Completion

Two-Session Package

- Two academic training sessions
- Tailored end-of-life care topics
- Interactive learning and case discussion
- Certificate of Completion

Become an Education Partner

Let's discuss the right partnership or training option for your organisation.
